RUTGERS SASHP NEWSLETTER

Wednesday, January 17, 2017
Dear School of Arts and Sciences Honors Program Students,

Happy not-a-snow-day everyone! At least we can enjoy our second day of classes as the thin white layer of snow-textured icing that fell on the ground this morning melts to slush. And really, what better to do on days trapped indoors by weather than to sit down with a warm cup of hot chocolate (I highly recommend stirring in a leftover candy cane or adding a teaspoon of peppermint extract) and polishing up your resume. Whether you need a summer internship, a job after graduating, or a way to get experience during school, we have a bunch of places where you can apply and some events as well.

If you haven’t already, remember to look over and apply for one of the several Media Team Opportunities open. There’s something for everyone, whether you want to take charge or simply enjoy posting on Instagram. Be sure to go to the Mega Career and Internship Fair. Apply to be a FIGS Peer Instructor for next year or an Aresty Summer Science Fellow for the summer. Also, check out our new Opportunities Masterlist. And if that starts to make you stressed, head to the Take-Away Button Project to look at some art and make your own buttons! If that doesn’t help you calm down, read about your future in Veronia’s post about what the year has in store for each zodiac sign on the SASHP Blog. Just stay calm, stay organized, and stay positive. You’ve got the whole semester ahead of you.

Warmly,
Kim Peterman
Student Director of Honors Media
