Dear SAS Honors Program Students,

In high school, I was incredibly shy and reserved. But since starting college, I’ve found that I love to meet new people. And there’s no better opportunity to meet people with similar interests than through classes and clubs. As exciting as it is to meet up with new people to study or get dinner together for the first time, I never forget friends who’ve stuck around, even when a new semester means new routines. Maybe we no longer share a class or we’re on different campuses at different times. I find that it’s always worth putting in that extra little effort to keep in touch with old friends.

Invite an old friend to Wellness Wednesday put on by the RU Commuter Student Association! Invite your friends to the Artists Collective general interest meeting or Zine Workshop. Cozy up in the Livi North Tower for a movie night! Looking for a summer experience? Apply to the program "Creative Writing & Walking in England" or to Yleana Leadership Academy. Keep up with the lives of honors students by reading this month’s honors alumni spotlight and honors blog posts.

Here at the SASHP, we know the importance of both building and maintaining friendships.

With warmest regards,
Julianna Rossano
Student Director of Honors Media
