Dear SAS Honors Program Students,

There have been a few times in my life when I have wanted something badly. Sometimes it was an item I had to save my earnings to purchase, like a new video game. Sometimes it was a skill I’d have to practice over and over, like playing a piece of concert band music. Sometimes it was an action I’d have to repeat again and again, like applying for internships. I occasionally fall short of my objective or change my mind at the last second, but I don’t mind. When I want something really badly, I know the steps I need to take to achieve my goal.

Take a step towards your goal by attending the talk by Mr. Trabilsy, previous director of admissions at John Hopkins School of Medicine, or the AAMC Virtual Medical School Fair. Spend a day with fellow honors students on the SASHP Bus Trip to the Whitney Museum! Juniors: learn about career tools and honors resources at your honors academic meeting. Immerse yourself in a new language by attending the multilingual conversation cafe. Show off your artistic side by responding to the Artists Collective Open Call for Art. Looking for a unique summer experience? Apply to the summer program “Creative Walking & Writing in England” or to the Microsoft Summer Mentorship.

From all of us here at the SASHP, enjoy the week!

With warmest regards,
Julianna Rossano
Student Director of Honors Media
