Dear SAS Honors Program Students,

We all have our favorite spots around campus where we do our best thinking. Maybe it’s in the Art Library, in front of the tall windows overlooking Voorhees Mall. Maybe it’s in the Cook Campus Center, surrounded by puppies from the Seeing Eye Dog Club. Maybe it’s in the lounge in your hall when it’s empty, or even when it’s crowded. Keep an eye out for these places where you feel comfortable and where you can cultivate your mind. Bring a friend to your favorite space – it might just become their new spot, too.

Find an artistic space at the Artists Collective Salon or cartooning workshop. Spend some time with other honors students at the SASHP movie night. Learn about a leadership opportunity at the Gardner Fellowship info session. Swing by 35 College Ave for a capstone writing workshop. Discuss internships with experienced students at the Internship Panel, sponsored by the Peer Mentor Program. The Institute for Women’s Leadership is recruiting for 2019: see if any of their programs interest you. Get a head start on planning for your summer by checking out Life Sciences Summer Undergraduate Research Fellowship. Show off your artistic side by responding to the Artists Collective Open Call for Art.

From all of us here at the SASHP, enjoy the week!

With warmest regards,
Julianna Rossano
Student Director of Honors Media
