ReRuns

Dear SAS Honors Program Students,

At this point in the semester, sometimes things feel a little repetitive. Another week of turning in similar assignments, another week of taking exams. It can feel monotonous. But personally, I like a little routine. Don’t get me wrong: I love trying new and exciting things. But there’s a reason I re-watch my favorite television shows and re-read my favorite books. There are some things I enjoy doing over and over, like hearing a good story, writing a good paper, or learning about something that interests me. Maybe you’ll find that your next paper topic interests you enough to write about it again or to explore the field further, igniting a lifelong passion.

Here are some honors events coming up. Join the Artists Collective for an arts & writing internship panel, comics making workshop or general salon. Join the Women in Information Technology and Informatics for a general interest meeting. Attend the Richard D. Heffner Open Mind Lecture for a talk about journalism and democracy. Learn about international politics at A Conversation with the Consul General of India. Join a graduate student colloquium at the Paul Robeson “Teach-In.” Explore a new art exhibit by joining the SASHP on a bus trip to The Museum of the City of New York. Hang out with the Peer Mentor Program for a Sip & Paint. Receive academic advising at Donuts with the Dean. Become a part of the SASHP Media Team leadership: apply for the Blog Editor position. Seniors: share your experiences by auditioning to be this year’s Senior Speaker. Looking to teach internationally? Check out the Top Universities Preparatory Program. Take part in a unique summer experience by applying to the Yleana Leadership Academy.

From all of us here at the SASHP, enjoy your week of reruns!

With warmest regards,
Julianna Rossano
Student Director of Honors Media
