At the end of my freshman year of high school, my Spanish teacher had everyone write letters to our future self as a class activity. It was hard to know what to write about, especially considering my limited vocabulary, so I wrote about how I wanted to develop as a person. I wrote goals for myself that included making more friends, getting involved in afterschool activities, and making time to read more books. My teacher sealed away our letters and I forgot about it until an envelope landed in my mailbox after I graduated. I read through the letter again and realized I had met all of my goals. Whenever I'm feeling a little unsure of myself, I think of how my past self would be proud of the person I am today.

Dear SAS Honors Program Students,

At the end of my freshman year of high school, my Spanish teacher had everyone write letters to our future self as a class activity. It was hard to know what to write about, especially considering my limited vocabulary, so I wrote about how I wanted to develop as a person. I wrote goals for myself that included making more friends, getting involved in afterschool activities, and making time to read more books.
