Dear School of Arts and Sciences Honors Program Students,

So I went to the wedding of a family friend this weekend and her brother was the minister. He started it by saying, "Mwarriage," and then proceeded to quote The Princess Bride for a full minute before getting into the ceremony. And since it is midterm season and every week feels like roaming through the fire swamp, it was much needed step out of college life. Thankfully, this week there are a ton of events to help you do just that.

Take a break to enjoy some art and film with the Artist's Collective. Learn about opportunities throughout the university at the Passport to Student Success panel sponsored by the SASHP Peer Mentors. Learn about issues involving the military and LGBTQ+ at the Voices of LGBTQ Veteran and Active Service Colloquium. Check out things for coming weeks as well.

If all you have time for are a few stolen minutes reading for fun, be sure to read our Shout Outs at the bottom of the newsletter and the SASHP Blog. Read about how one student overcome her Rutgers fears and why our bloggers love Rutgers.

In the meantime, stay only mostly dead.

As you wish,
Kim Peterman
Student Director of Honors Media

**Art Afternoon: Jack-o'-lanterns**

Get into the Halloween spirit while adding some spice to your pumpkin by giving it a face. Creepy, funny, happy, sad, or representations of Marcel Marceau, make sure your gourd turned lantern has a personality all its own.

**Date:** Friday, October 27, 2017 3:30-5:00PM

**Cold Spring Harbor Laboratory (CSHL) Summer Research Program**

All SASHP students with an interest in molecular biology, genetics, and the life sciences are welcome to attend this session at the Honors College next week on Thursday, October 12, 6-7pm, Honors College room S124.

Cold Spring Harbor Laboratory (CSHL) is a preeminent international research institution, achieving breakthroughs in molecular biology and genetics and enhancing scientific knowledge worldwide. Please join us for an information session about the programs offered through the Watson School of Biological Sciences at CSHL, the PhD Program in Biological Sciences (http://www.cshl.edu/gradschool) and the Undergraduate Research Program (http://www.cshl.edu/urp<http://www.cshl.edu/Education/Undergraduate-Research.html>).

Meet Sean Connelly, Rutgers Senior, who will share about his summer experience at CSHL: In the Undergraduate Research Program at CSHL, Sean performed cutting edge cancer research in Dr. Alea Mills’ laboratory on the cancer stem cell population in human head and
neck squamous cell carcinoma. Sean was able to implement exciting technologies, including CRISPR/Cas9 and interacted with world renowned scientists and Nobel Prize winners. Sean will be talking more about his experience at CSHL at the information session. Come to learn more!

**Time:** Thursday, October 12, 6-7pm

**Campus Opportunities**

**Humanity in Action Fellowship Application**

Intensive and demanding, the Humanity in Action Fellowship brings together international groups of college students and recent graduates to explore national histories of discrimination and resistance—including the political foundations of racial hierarchies, Antisemitism, Islamophobia and colonial domination—as they affect different minority groups today. The Fellowship seeks to educate, connect and inspire the world’s future leaders in the fields of human rights and social justice.

The Humanity in Action Fellowship programs will take place in Amsterdam, Atlanta, Berlin, Copenhagen, Detroit, Sarajevo and Warsaw in 2018. The 2018 European program dates are June 8 through July 8, 2018. The American programs, the John Lewis and Detroit Fellowships, are on July 10 through August 5, 2018. Applications are due January 8, 2018.

Find out more information [here](#).
